SUMMARY

Artificial Intelligence and Machine Learning student with hands-on experience in developing AI-powered solutions and data-centric applications. Adept at leveraging emerging technologies and automation to design scalable systems while honing problem-solving and analytical abilities.

EDUCATION

B.E. Computer Science & Engineering (AI & ML)

V.S.B. Engineering College, Karur | (2023 – 2027)

CGPA: 7.99

SSLC(10th Grade)

Fatima Matriculation Higher Secondary School |, Vriddhachalam, Tamilnadu 2021

Percentage: ALL PASS

HSC (12th Grade)

Fatima Matriculation Higher Secondary School |, Vriddhachalam, Tamilnadu 2023

Percentage: 84%

EXPERIENCE

Software Development & AI Intern|
Plasmid & NSIC

Oct 2024 – Dec 2024

- Designed and implemented machine learning solutions for fraud detection using Python, TensorFlow, and scikit-learn. Developed Android applications with integrated AI functionalities for practical deployment. Demonstrated strong commitment and attention to detail, earning recognition for delivering high-quality results and contributing effectively in a team environment.

PROJECT

Alumni Association platform

Completed

- Developed a web-based alumni platform using React, Node.js, and MongoDB to connect graduates with their institution and peers. Implemented secure user authentication and profile management, along with a responsive interface for events, job postings, and community engagement.

Notes and password Managing Application

Completed

- Created a notes and password management app using MIT App Inventor, Flask, and Firebase with secure authentication, data encryption, and seamless real-time synchronization.

ADDITIONAL INFORMATION

Technical Skills: Python, Java, JavaScript, HTML, CSS

Database: SQL

Languages: Tamil, English

Certifications: Java Foundation | Infosys Springboard – Introduction to IoT & Digital Transformation |

Cisco – Infosys Pragati Program | Completion Certificate.

INTERESTS

Workshops, Hackathons, Industry Seminars, Technology Innovation.
